

CUSTOM PARTNER SOLUTIONS

Plating Cleaning and Care

Please handle all plated items with care using “powder free” latex gloves.

- DO NOT USE ABRASIVE CLEANING PRODUCTS
- DO NOT USE AMMONIA PRODUCTS (Windex does come with or without Ammonia, do not use w/Ammonia)
- DO NOT ALLOW LIQUIDS or FINGERPRINTS to remain on parts
- Immediately clean and/or rinse cupholders and sinks of sodas, fruit and vegetable juices.

Cleaning kit contains:

- Buffy Pads
- Wypall Cloths
- Latex Gloves
- Ammonia-free Windex
- Liquid Lustre wax

INSTRUCTIONS:

- A. Breathe on the part to apply some moisture and using the Buffy Pad wipe in a circular motion introducing more moisture as needed.
- B. Use the Ammonia-free Windex and the Wypalls to further clean the part using a circular motion.
- C. Use the Liquid Lustre wax and apply a small amount using one of the Buffy Pads similar to waxing a car.

*Be sure to inspect Buffy Pad regularly for any embedded particles that could scratch the part and remove or replace Buffy Pad
